

Madhu Pawar

Partner, Leader in digital and operational transformations, McKinsey & Company

madhuvanti@gmail.com

Summary

I am a leader in McKinsey's Technology and Service Operations practices. I have deep expertise in re-building data-driven service models for a digital future, transforming operational productivity and helping both established institutions and startups scale operations for market expansion.

Specialties: Data/Analytics, Multi-channel customer experience and service design, Lean/Six-sigma, Intelligent Process Automation, IT portfolio optimization, Pharmacy distribution, Digital Strategy

Recognized for my passion on diversity issues, I host invitation-only Executive Roundtables that are highly sought-after by Senior women executives and contribute towards developing the next generation of women leaders. My Board service includes GirlVentures and Mensa. I am a computer engineer by training and a recipient of several prestigious full-merit scholarships.
